Limited edition time piece

A partner of prestigious brands for exclusive movements since 1987 and the author of several world firsts each year, Christophe Claret draws his ideas from a wellspring of authentic horological culture. In order to achieve complete independence, Christophe Claret has created his own workshops in Le Locle, Switzerland, equipped with state-of-the-art technologies and able to perform the full range of watchmaking operations.

In 2009, Christophe Claret launched an exclusive timepiece, produced under the company brand The DualTow, to mark the 20th anniversary of his manufacture. It is a faithful reflection of the watchmaking philosophy inherent to Christophe Claret. Housing several inventions, including one patented innovation, this single-pusher planetary-gear chronograph with striking mechanism and tourbillon, expresses a combination of technical excellence and sophisticated aesthetics. It is sold in a limited edition of 68 unique pieces.

Precise inspiration

The Legend Racer is the first automatic chronograph with components directly inspired from the most beautiful and legendary sports cars. Ange Barde has produced a watch with high technology and strong design, resulting in a sporty yet elegant look. Legend Racer is a limited edition of only 88 pieces, engraved with its unique chassis number and the selection of the rotor.

Ange Barde, four times European Ferrari Champion, has always combined his two passions: car racing and precision watchmaking. He launched his own watch brand early this year: Legend Racer, a chronograph totally inspired from sports car racing and luxury watchmaking. They are both driven by similar rules: precision, reliability, efficiency and being shock-proof. The years of car racing have taught Ange Barde the importance of fine tuning and power management to always remain efficient in the extreme conditions of car racing.

Rare rosé

Dom Pérignon's life goal was to create the best wine in the world. More than three centuries later, his legacy still lives on. The most exciting offerings are Dom Pérignon Rosé and the first release of Dom Pérignon Rosé CEnothèque.

Dom Pérignon Rosé is made of the rarest Pinot Noir and Chardonnay grapes. Almost ten years of aging in the Dom Pérignon cellars brings out the wine's fresh, fruity vibrancy and maturity, enabling it to reach the desired intensity and complexity. In a world premiere, Dom Pérignon Rosé CEnothèque 1990 is the first Dom Pérignon Rosé to join the CEnothèque as a complex metamorphosis of the Rosé.

Sotheby's sold a 30-bottle lot of Dom Pérignon CEnothèque Rosé bottles and magnums from 1966-1990 for US\$170,641 in Hong Kong in May this year. This set the world auction record for a single lot of Champagne.
